## Are you currently a member/involved with other non-profit organizations? If Yes, please list them below:

- Yes, Inspirational Medicine Foundation

## What volunteer experience do you have?

- I currently serve on the Junior Board of the Inspirational Medicine Foundation as Treasurer. IMF works with local Children's Hospitals to help implement technology that provides hope and inspiration to it's patients. In addition to my role as Treasurer, I've helped plan, promote, and execute fundraising events for the organization and have also contributed to the growth of the organization's brand in Chicago through leveraging my personal and professional networks. Additionally, I volunteered with multiple organizations while in high school and college. In high school, I was President of the Campus Ministry who's purpose was to conduct volunteer activities in our local community. In college, I was a member of the Philanthropy Committee and helped plan and carry out philanthropic activities to benefit the Boys and Girls Club of Champaign.

## What contributions would you make as an Associate Board Member for Dreams for Kids?

- I would contribute to Dreams for Kids through promoting awareness of Dreams for Kids' mission by recruiting people within my network to both attend Dreams for Kids' events and help further promote the organization within their communities. I would also assist in fundraising efforts by leveraging my professional and personal networks to help achieve the philanthropic initiatives. Most importantly, I would like to take an active role in volunteering at Dreams for Kids events in order to have an opportunity to make a direct impact in the lives of kids we hope to provide opportunities to.

## Why are you interested in serving as a member for the Dreams for Kids Associate Board?

- I became interested in serving as member of the Dreams for Kids Associate Board after speaking with my manager Marilyn Bernard. I have also had a passion for helping and inspiring underprivileged children. After speaking with Marilyn about her involvement with the organization I was very excited about Dreams for Kids' goal of providing children with opportunities to achieve both personal success as well as growth within their own communities. I also have always been a big supporter of the concept of paying forward the help I've received to my community and those around me and I see Dreams for Kids' as an incredible opportunity to do so.
